

Team Potato Batteries

Members: Sean Michael, Tim, Azhan, Hong

Introduction

- Most students all over the globe are unsure of their career paths or are unable to choose a career path due to them not having enough exposure to the work that their career path will entail.
- Most students do not have the connections to get in contact with professionals.
- It's getting harder and harder to obtain internships / entry level jobs due to the increasing competition among fresh graduates and oversaturation of certain job markets. (need source)

Problems

Problem 1

Lack of channels for students to contact professionals.

Problem 2

Lack of motivation for professionals to spend time talking with students.

Solution

A service that allows students to connect with professionals in different fields and to give them a preview of the field.

Benefits

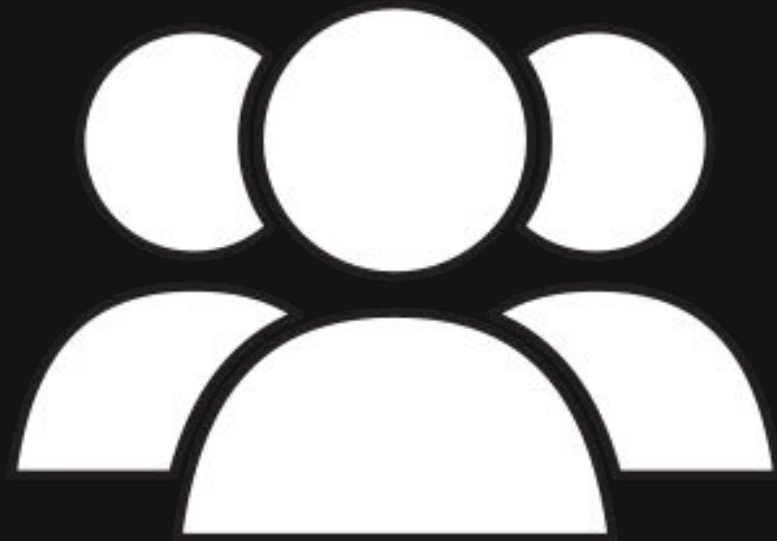

Such a service would:

- ALLOW STUDENTS TO TEXT OR CALL PROFESSIONALS AND TALK ABOUT THEIR JOB OR THEIR FIELD.
-
- GIVE WILLING PROFESSIONALS A MEDIUM TO CONTACT STUDENTS AND REWARDS THEM FOR DOING SO WITH MONEY.
-
- LET STUDENTS GET TO KNOW THEIR POTENTIAL FUTURE BY GETTING A PREVIEW OF THE JOBS THAT THEIR CAREER PATHS WILL TAKE THEM.
